“ Dear Diane & Family. I was so very saddened to hear of Greg's untimely death. For so long we were neighbors in Lemont. I remember his big self in his little car driving around the neighborhood. He was "Big Red" or "el Rojo" to my sisters & me. So many laughs just hanging out waiting for something to happen in Lemont back in the day. I hope the many happy memories you have will one day overtake the sadness you all are feeling.

Sincerely,

Dawn Hockenbrough Uram

“ My condolences to Greg's family, my thoughts and prayers are with you.

I worked with Greg at MSP airport, I enjoyed chatting with Greg about non work related topics, I could see he had a passion for his family, and cars! You could hear the same enthusiasm/passion in his voice when those two subjects came up, it was always there. I hope you know how proud he was of you all!!

Again my condolences to you all, gone way to soon, may his sole rest in peace.

“ Every morning when we would drive between the terminals to do the daily deposit we'd look for the wild turkeys and comment on their antics. On foggy mornings we'd stop and appreciate the fog among the headstones and trees in the vets cemetery. I will always remember my friend and former boss when I see the wild turkeys and in the morning fog. It's hard to believe the man with the kind heart and big personality can be gone.

“ As a parking PROFESSIONAL he would get so mad at my co-workers that worked for parking but could not park their own cars between the lines, a major pet peeve of his He was such a character, always on the move, he was always willing to help you with ANYTHING and put his troubles aside. .Greg was the BEST Boss Mentor and Friend.
REST IN PEACE my friend you were bigger than life and will truly be missed.
