“ Mrs. Gore has called me every month around the 17th for several years to ask me what her monthly electric bill was going to be. We always had a short conversation about what she had done that morning at the Y. She would make me tired just to hear what she had done. I was able to meet her several years ago with just a quick visit and it was nice to put a face with this sweet voice. She would always in her conversations with God Bless You. She did not call me in January, which was not normal so I called her to find out from her son that she was in the hospital. Her short monthly call will be very much missed.

“ I don't even know how to express how much my "little Jean" meant to me. My name is Dale Hansen, and I work at the Hendersonville YMCA. "Jean" used to call me her "boyfriend" at the Y,... despite her trying to splash me every day that she was in the Therapy Pool for class. I made it my habit to look for her sitting near the front desk after her classes were over. She always insisted on me giving her a big bear hug, every day,...even though I was wary that I just might "break her in two". "Jean" always had that gentle Spirit of the Lord within her, and I will greatly miss her greatly. I'm sure that those hugs always meant a lot more to me than they ever did to her, but I'm going to miss them terribly. I was honored and extremely grateful for the opportunity to address her family at the graveside service, today.

On behalf of the entire staff at the YMCA in Hendersonville, We wish to express our sincere condolences to the family who is truly blessed to be a part of her rich legacy.
