“ When I first met James or rayvyn as I knew him honestly I was scared to death of him he was tall very quiet and mostly dressed in dark colors he had peircings and tattoos I didnt know weather to run for my life lol or try to talk with him I chose to talk with him from that day forward I never regretted a moment of his friendship he was my brother from that day on always there when I needed him I never knew he was even sick till his passing though the last few months I was wondering why he was distancing himself from me I thought I had done something wrong now I know he was trying to save me the pain of knowing I was gonna loose him always the big brother till the very end love you rayvyn till we meet again

“ From the day that he was born Jimmy filled my heart with so much love and joy. There's not enough time in the day to express my love for my grandson Jimmy and all my precious memories of him and the special times that we shared together. I said to him one day, " Jimmy don't forget I will always love you " and Jimmy said to me " Don't you forget Paw Paw that I will always love you too ". I always prayed for Jimmy and my family for God to look over us and keep us all safe and healthy. I know and feel in my heart that Jimmy is in Heaven with Jesus Christ and his family and friends that have passed on and gone to Heaven. This is not going to be an easy road for me to walk down without my dear grandson Jimmy but I have to be strong and go forward because that's what Jimmy would want me to do. " I will always love you

Jimmy ". Love, Paw Paw Tommy Cravens

“ I used to work with him. Although our friendship was brief, I can say that he was very caring. He would take time away from his life to just have a goofy chat or show his empathy as a friend. People like him are becoming increasingly rare as the world progresses..

“ I worked with James at Amazon I used to help him out with rides until he got his Van. Once he quit there I would see him at Waffle House and would always check on him. He was such a kind soul. People often judged him for what he looked like but once you took the time to get to know him he was a big sweet heart. He was funny and so kind. I'm so shocked by this . You are all in my prayers and he will be missed.
