“ All of us cousins were all so fortunate to have grown up with so much love and closeness even though we were miles apart. You and Uncle Don made sure you made the annual trek to Connecticut so we could all be together. Do you remember the sleeping arrangements when we lived on Park Avenue? Linda, Donna, Granny and I sleeping on those 2 twin beds pushed together, and how hot it was with just that old window fan. You and Uncle Don and Donnie had Granny's room in the attic. Diane was in the crib until, I'm not sure how old! I'll never forget the shirts you brought my Dad when you came up in the summer. Those "work shirts" as he used to call them!

What about the 4th of July parades we watched from the porch? Picnics at Beardsley Park and Kent Falls; barbecues at Jean and Hugh's. I remember going to the beach at 7AM so Uncle Don could swim at high tide. How about us all using the same bath water after the beach! You considered yourself lucky if you were number one or two, but after that! Yuk!

I remember Uncle Don saying, "it's only a hop, skip and a jump" no matter how far away the destination was! I remember how you used to let Diane and I give you a make-over; hair-dos and make-up! And my mother saying, "leave Aunt Betty alone". But you never minded. How about Thanksgiving in July! Or fish Fridays from the fish store, grinders and hard rolls! I remember Lizzie's penny candy, and Donnie taking us. What a treat that was! Don't forget the scotch pies, and cool whip ("it's not a dairy product you buy it next to the frozen orange juice")! I remember when you would make us popcorn, and oh, what special popcorn it was because you had made it! I remember coming down Tennessee that summer with Granny and you making those delicious strawberry pies; I have your recipe and still make them. Your tuna casserole was the BOMB! I remember playing Yahtzee and Parcheesi, and going to Opryland. I remember Uncle Don making homemade ice cream! Yum!

The memories go on and on.....It makes me sad how things have changed and that my kids will never experience what we cousins had or didn't have. Thanks to our parents, we were all very fortunate to have grown up in such a wonderful environment.

We love you to the moon and back!

“ Elizabeth was such a sweet lady. I loved talking to her about books. She gave me a new mystery writer to read and I still think of Elizabeth when I see her books. I was really blessed by knowing Elizabeth. Judy Warren

“ Ms Elizabeth was traveling first class to Hawaii when I met her some years ago when I was a flight attendant for Delta. We made an instant connection and remained pen pals for a while. She was intelligent and gracious and kind and I will always cherish her memory and the letters and cards I saved. God bless her family and friends who will greatly miss her. “ When we were little kids, the coleman's took me with them and Jamie up to the Audubon. It was always so much fun being with them. Many a day spent together between the coleman's and overby's. Now they can drink coffee together once again like the neighbors and great friends they were.

“ I remember on a visit to TN with my Granny, Aunt Betty took us berry picking driving us there in the back of her pick up truck. She may jam with some of those berries. It was the best jam I ever tasted on her biscuits. Endless games of scrabble with her and my cousins. Listening to the mourning doves while sitting with her on her back porch. Singing hymns in harmony with her and Donna. Whiter than Snow and How Great Thou Art we're two of our favorites. I'll love her forever A life well lived and a friend to all. May she Rest In Peace in our Lord's arms with the company of her loved ones gone before her.
