“ My love and sympathy to Pat's family at this time of loss. She spoke so often of her sister Estelle and her little sweet Marissa. She was a dear friend when I worked at Cumberland Bank in White House. We had so many wonderful chats of her Military Life. She certainly loved those years and loved her country. She was special.

“ Gonna miss you Pat! I will always remember your travel stories - you loved to travel!! Without you taking Melissa and I for summer trips growing up, I don't think I would have travelled to as many places or seen as many things - from Oklahoma to Florida to Tennessee and lots of places in between. Our road trips were always memorable for many reasons, and I still laugh when I think about them! You had great patience while eating dinner - although to be fair, we all had to have patience since I could sit there forever if I didn't want to eat it.

You let us play dress up with your things and let us help you cook - you always said it was good even though it probably wasn't always edible!! I loved watching you put your clown gear on for us and hearing your stories when I was younger and then again as an adult when everyone would visit for various celebrations and Holidays.

I learned from the best in how to be the best Aunt Mel Mel ever to my nieces and nephews - thank you!

Love you forever,

Your favorite "squirrel"

“ Thank you Melanie for the sweet and caring tribute to your Aunt Pat. I know you and Melissa had many good times with your Aunt. Dad and I always looked forward to the time that you and Melissa would come back from a great adventure and many tales to tell. Never anything bad just funny. The times among others of her driving on the rumble strips in the road. You will always have very fond memories and caring for your Aunt Pat.

“ You will be deeply missed, I can't begin to reflect on all the joy you brought me. I remember my 1st train ride when from Louisville KY to Nashville TN, the trip to the Chattanooga Choo-Choo so we could see all the trains and have dinner there or having us lay down in the back seat of the Ford Galaxy when we where checking into a hotel so the front desk wouldn't see us or the dogs. I remember we were driving up I-65 just north of Nashville when we heard on the radio that Elvis had died and we exited and parked on the side of the road and cried. I still have flash backs from driving down the interstate and you driving on the bumps in between the lanes because you said they kept you focus on the road ... they gave me head aches. I remember how excited you where when I chose to attend WKU, because I would only be 30 min. north of you. I loved your visits and always looked forwarded to you coming to pick me up so I could spend the weekend with you and helping you around the house. I remember going with you to look at for your Ford Explorer and the sales man wanted to buy it from you and you told him, sorry this car will be his. I'm so happy that you where able to come and enjoy my wedding and be part of that great day. Still to this day what I'm most proud of is that I can tell people that My Aunt Pat Served in the Navy, I still have some of the military gear you gave me when we entered Desert Storm. I will end with this, Thank you for your service and sacrifice to this GREAT NATION and for providing myself and everyone in this Nation the Freedom to do what we want. Love you for ever: Mark, Belinda, Bryce, and Teagan.

“ Thank you Pat for an awesome 57 years of knowing you. You began teaching me the ways of the world when I was a young several months old. It's called staying up late and "playing/partying" and then expecting my parents to do the same when you were home!! LOLLOL You then taught Melanie and I how not to drive especially through ditches or over curbs! Took us on trips and the stories could go on and on, most importantly you loved us unconditionally. Myself, my siblings and your sister and brother-in-law were the lucky ones because who got to enjoy you for 50-85, no one else in the family can make this claim to fame.

Melissa Burchett - April 29 at 03:01 PM

“ Melissa, thank you very much for sharing the memories that you and Melanie had with the funny adventures with your Aunt Pat. It will be something that you will remember for the rest of your lives.
