“ Amanda and Family- I just want you to know how very much you will be missed. You were such a joy to work with here at Skyline. You came in with a smile on your face always. Hearing about your death just broke my heart and I was in total shock. I hope you are with God now and looking down on us. If so- know that you will be missed and things will not be the same without you. Blessed are those who mourn, for they will be comforted Matthew 54

“ Amanda, I remember the day I first met you. I was interviewing you for a position on the 6th floor at Skyline Medical Center. From the moment we started to talk I recognized you to be a person of character and high values, having the potential to be a great clinician and leader. Over the past couple of years I have watched you grow into a great RN and leader on our floor. You will be missed terribly. I will always remember your great smile and laugh. Thank you for that. I believe with all my heart that you are home with God. Thomas Campbell wrote that to live in hearts we leave behind is not to die. You will always be in our hearts. Your spirit will never leave us. You will always be one of us.

“ Sometimes in your life, you are blessed to meet people who make a difference. In Nick & Amanda we had that blessing. Amanda was always in a cheerful, bright mood. She was the match for Nick- God put them together. She smiled so that the whole world lit up. She loved her job as a nurse, but her first love was Nick. They were so proud of what they had accomplished together and they always remembered to share their bounty with their family. It was some comfort to us that they went together. They said til death do us part & it ended with them not having to part then. They even touched lives of others on the interstate that night- amazing. The world is better because they were here for their short time.
