“ Some of my fondest memories of Barbara were the days she spent with my mom. They were best friends. The two of them were either working together, laughing, singing and dancing together, traveling and raising their children together. They were always there for one another and Barbara was always there for all of us all well. She loved so fearlessly and gave so much of herself to everyone. She spoke about her faith every chance she could and taught us about Jesus. Barbara stayed with me in the time of my mom's passing and I will never forget how she took care of my two very young daughters. She spread her love and wrapped them up in her goodness, made them feel safe and loved just like she did for everyone. I will always cherish the memories we made together with our families. Barbara was such a special woman and she will forever live on within all of us. I know she is greeted by my mom and they will continue dancing and laughing and singing together. The Coviello family is sending love and prayers to all.
