“ She was the best Aunt and friend a person could ask for. I will truly miss her...A memory I have of her is quite a awesome... This was when she lived with me and I was going threw some problems in my marriage and was really depressed and was having some really bad thoughts running threw my head.. We were the only two home at the time and I had locked myself in my bedroom... Right when I thought I had no other way out...I here a knock on my door and she said Amber it's me Jody and I love you and I'm not going away till you let me in... Well she sat outside my door for a good fifteen minutes till finally i opened my door... she sat down next to me on the floor and began to cry with me and told me how much she loved me she saved my life that night and I will forever owe her...I love you Betty Cleek forever in always....
