“ Beverly was so special in many ways. Life of the party. When a group of us Maplewood girls went to Gatlinburg she kept of laughing the whole time. When the class of 68 had there 50th I called from the venue and ask her what she was doing and she said nothing , I told her Betty Cooper said come on out your part of our class and here she came. She was so full of knowledge and would lead you in the right direction, I was so blessed to call her my friend and thank God for the blessing. Fly high Angel. God be with the family thru this time.

“ I loved to hear Beverly talk . She could hold a conversation that kept you so involved in everything she was saying . I don't think Beverly knew how important she was to me . The long talks and laughter would make my day complete.

She absolutely loved God and her family.

She loved being hostess at Thanksgiving and Christmas. So so many things I could say .

If you was lucky enough to have her trust you with her secrets then you could call yourself special . She didn't just trust everyone. But if she told you something in confidence then you better not tell anyone. She would call you on it .

I miss my long time friend. But will never forget her . RIP my friend. It was sudden but I can see you smiling at us . Love you buddy .
