“ Hello, I'm related to the Queen of England/Empress of India & Napoleon Bonaparte & Empress Maria Theresa. I suspect that we might be related. I am Princess Taylor. It's nice to meet you again. I know you have a kami, would you like for me to offer you kami some tea? Thank you for voicing Kimba The White Lion. I re-watched the anime series 18 times, and I was hired to create an app that forms characters. Thanks, too, for reminding me to be perfect I have attained pure heartedness and because of haunting me with Osamu Tezuka & Leo's little soul, I have to say thanks again especially since not many people speak with me. He became my totem, went everywhere with me, and taught me plenty of lessons. Now, I've become a professional artist and violist and person in Asia Studies. You may visit when you please and I will continue to spread purity! 🙏💖
Bye.
