“ Hello, my name is Jimmy Moon. I have been a draftsman at Herndon & Merry, Inc. for over 45 years. I worked with Robert from 1976 until his retirement in (?) and I just wanted to offer my condolences on his passing and to say that it was such a pleasure to work with this reserved, quiet and talented man. I am thankful for Robert's patience with me when I was just starting out and learning how to draw and detail the ornamental ironwork (railings, gates, etc.) that he so skillfully built. Robert was our senior, lead fabricator when I joined the company and I gained invaluable help and knowledge from him over the years we worked together. He was such a quiet and unassuming worker. Never wanting attention or recognition. Always there, everyday, doing his work with efficiency and skill, even when that bad leg was hurting him so bad. I know your hearts are broken at losing this good man. I pray that the good memories you have of Robert will bring you comfort and peace in the days and weeks ahead.
