“ I worked with Brenda at Pay Systems for about six years. She was a special person and loved by everyone that knew her. My fondest memories are the stories she would share with me about her family. She loved it when Jeremy would call her and say, Mama I'm coming over for dinner this sunday, I want fried chicken, macaroni salad and a cake thats all for me. Jacklyn you were Mama's girl. She was so proud of you and your accomplishments and there wasn't a day that went by that she didn't say your name in conversation. Flipper and Kendal you were the light in her eyes. She would just grin ear to ear when she told me stories about you two and we would just laugh together. She loved her daughter in law and son in law and was very proud of them also. Don she would often talk about the guitars you. were working on and you could just feel how proud of your work she was. She even shared some pictures with me. And her lunch, you could always smell all over the whole office. Everybody always knew what Don had cooked for dinner the night before. She loved her entire family. If you knew Brenda you were loved by Brenda. Always keep her memory alive by doing the things she loved. Sit on the deck with the dogs, grill out, spend time with family, go camping, go to the beach and someone needs to make that cheesecake with cherries on top that everybody loved so much. If I didn't mention you don't think that she didn't love you or was any less proud of you...space here is limited. God bless you all. I will always cherish my memories of you Brenda. R.I.P my friend.

“ I am a good friend of Brenda's daughter, Jaclyn. The special relationship that Brenda and Jaclyn shared reminded me of the one that I shared with my mother. She was a special lady that was always there for Jaclyn and her grandbabies when they needed her. I know she will be greatly missed by all that know her. God Bless her children, grandchildren, husband, extended family and friends. Their loss is heaven's gain.
