“ Darlene was the best Director of Nursing I've ever known. I served as her ADON several years ago. I learned most everything I know about directing a nursing dept clinically by her either teaching me, or by observing her firsthand. It was an experience I will always remember, a time I will always treasure. She was a strong woman, a great leader, wise as an owl, salt of the earth, and fair above all else. I'm proud to have known her, and will surely miss her.

“ I met Darlene when I interviewed with her for an ADON position at her facility. She was a tough but fair Director of Nursing; I never regretted my decision to work with her. I even followed her to the next building where she was DON. I didn't see alot of her in the last few years, but I always considered her a friend that I could trust. I will miss her very much.
