“ I have been going to Dale's shop since I was a kid. It was always a joy to go to the shop and see what he was doing and talk to him. He done a lot of work for me over the years. He was always willing to help whether it be mechanic work, loaning me tools, using the shop or his knowledge when I was working on something. He was a mechanical encyclopedia. Occasionally he would call me on Sunday evening and tell me to come by and eat with him or come by and get a plate he had fixed for me. He was truly a great friend and mentor to me. I will miss him always and forever. Greg Balthrop
