“ I have many fond memories of David from being in marching band with Steven and Christopher. From painting backdrops to cooking hamburgers and many many bus rides. I will always remember his kindness and words of wisdom and his big hugs.

“ Wow! It's so sad to lose another teammate from days at East Robertson High school, but my favorite memories are early adulthood when David and Gary Coutts were working with kids at a boys school in Clarksville. Sometimes I would join them for basketball games.

My very favorite experience with David, however, was the search for the Carrs

Creek Critter.

It first began on Carrs Creek, each darkness brought spine tingling shrieks. People came from and near, and when they left Carr's Creek, they were filled with fear.

Was this a ghost or maybe a Spirit? If this is true should people fear it. We arrived at Carrs Creek about 2 in the morning, it wasn't long before we sighted the thing! Etc Etc.

My boyhood friend was talented and creative in so many ways.

Rest in peace old friend. So sorry I can't be there for your last service

“ Thank you for being one of the most influential teachers I ever had the pleasure of knowing! I remember spending my days in your class just painting happy little landscapes, teaching some other students and you the Bob Ross technique, and making happy little messes cleaning the brushes. Accidentally buying paint thinner that wasn't as odorless as it was promised lol. You helped me in more ways than 1 at a crucial time in my life as I had just lost my father that same summer. Thank you for being a friend!!! But I want you to know I'm still painting people, landscapes, and animals for a living as I promised I would! I am now an art director for Nintendo!!!

I started school with David at Orinda in 1952. I remember so many things which happened in the next 12 years. He was always a friend and always respected everyone. I am sure he was a great teacher especially after what I just read. He was a gentleman who will be missed by all of us.

David was my best friend all through high school and it really hurts to be sitting here writing this. As a matter of fact Dave and I dated twins and when we would go to their house he would sit on one end of the couch and me on the other----and would talk football. I'll miss you buddy and may God bless all that loved you. We'll be seeing you soon.
