“ My heartfelt sympathies to the family. Losing someone you love is not easy because our heavenly father has never intended to happen. He also provided a solution to mankind's problem and the answer to sickness and death. Very soon God's word will come true. Notice his solution to the problem death and how we can benefit now and the future. (Please read Revelation 21:3,4 and Isaiah 25:8)

“ Jennifer, My deepest sympathies to you and your family. I thought a lot of David and just find it so hard to believe that he is gone. I always told my new RN orientees if they had any questions regarding vents or the lungs that David was their man! He will be greatly missed!

“ David was always so knowledgeable in his field. I knew I could go to him to discuss a patient or when I had no idea what was going on or what to do. I loved having David as my therapist because he always knew all about his patients and if you had a vented patient, he would draw all your labs for you in the morning with his ABG. Possibly the best thing about David, though, was his love for his family. When Jennifer was pregnant, if David was in a conversation or at the computer, you could bet that he was talking about how excited he was about those twins. He researched that pregnancy from day one until they were born. He loved his family with all his heart, and he will be deeply missed by us all. Jennifer, I'm so sorry for your loss. We all mourn with you.

“ My thoughts and prayers are with you at this sad time in your life. It is hard to understand why these things happen. You will find pleasure and strength in your and David's precious children in the years to come and your memories of David will sooth your troubled mind in times of need. God bless you and little ones. Love you lots.
