“ I use to take care of Dee at Whitehouse Rehab Loved her she use to see me in the hall and I would walk over to her and she would pull on my uniform and I would ask her what wrong she would smile and tell me to help her I would ask her what's wrong she would say I need you to put me to bed and she would start to laugh. And we would go to her room and I would lay her down. She was a great person I loved her and she will be missed.
