“ Hey everyone. I'm Bonnie and Pooh and I have known each other since she moved down here years ago when her friend Tanya was here. Seems like Joshy was only about two at that time so many moons ago already. We are very close and I know she is just devastated and heartbroken. She's had so much heartache already and I often worried about how she would react if something like this happened to her daddy. I know he was a tough old bastard but she loved him dearly. Buck and I had a silly relationship. When I first met him I told Pooh omg ur dad hates me! She said no he don't he's just rough around the edges and how can he hate u Bon Bon? The next few times I just kinda stayed quiet and spoke to him quietly and respectfully...that didn't seem to soften him up much if at all. The next time I saw him, somehow the subject of ass whipping came up and I blurted out I needed a spanking....why I said that was only because I thought it might make him laugh or at least not look at me like he wanted to kill me. Well it worked! Old Buck came over to me and started taking off his belt and told me he would be the one whoopin my ass! From that point on Buck and I had a good laugh every time we would see each other. I'd be talking to Pooh and I'd hear a loud southern voice coming from across the room using choice words of profanity mix with some Tennessee back woods charm telling me to back my fat ass up and get ready for my ass whoopin! Telling me I'd like it. I'd say ooohhhhh shiiiiit I don't know if my old man gonna agree with that... we'd laugh and he'd say he didn't give a F**k he'd whoop his ass in a different way! Oh that southern charm he had was something special. Lol... We all knew Buck was a grouchy old terd but he had a good heart and he had reason to be grouchy at times. Some people didn't understand old Buck but I think he knew I was there to look out for Pooh the best I could and I was there for all of them if they needed me. May u have some kind of peace Buck chasing the angels around with that damn belt of yours and know I'll always remember our not so appropriate relationship and I'm glad I could soften ur heart enough to let me in so u could see I was a good friend to your daughter and would do what I could for the grand babies. You will be missed my friend....ps,

if there's a way to haunt your daughter, do me a favor and figure it out and haunt the shit out of her so she shapes the hell up! And go terrorize the hell out of that bastard so called baby daddy u hated that really screwed up Pooh's life. Love ya old timer! See ya on the other side my friend 🙄🕊

“ *My name is Elena & I am a close friend of Jennifer Dunn. I would like to send my deepest condolences from both of us. I've only spoken to him maybe a handful of times, but he made me laugh. Jennifer loved him so, which made me love him. May he rest in peace 😞*
