“ To my beloved, precious sister and childhood playmate. Your spirit will live on in my heart as I continue this earthly journey. I wish that all the world would come to know your beautiful songs and poetry. They give hope and renew the spirits of those who have read them & all who will continue to hear them. My faith & spirit soars on high in Adoration to Our Loving Savior Jesus. I know you now have His promised refuge(Psalm 91:vs9)& are in His comforting arms. Love & peace my precious playmate untill we meet again at the Port of Heaven in the Holy City Jerusalem,Rosalen (May)

“ She was truly a wonderful person whose love will shine on in all of us. I will miss her presence on this earth though I know she will be watching over all of us from Heaven. She treated me like a daughter and my faith and life were truly enriched by her. Her thoughtfulness was beyond measure. The earthly world has lost a rare rose in her passing. She was a gift to all of us.
