“ I sure looked forward to seeing Ed every time I got back to Tennessee. He’s been one of my favorite people, more like a brother than a friend! Ed and I met about 1970 when I moved in next door to him on Greenyards Place! My new home was nothing but a bed of thistles and Ed walked over with two shovels and said “ Let’s get this done together “ We became instant friends and have shared many family events together....some great and some not so great! One of the kindest and most sincere persons you could ever meet. Miss you brother! I’ll still try and make contact with Tommy and Nina and the family whenever I get back!
