“ I loved this woman since I was a very small child. She made life so fun!! I spent many summers with her and Uncle Kenny in their homes all over and enjoyed vacations with them. She was my favorite Aunt and will always be. She is with the angels and the rest of her family that waited for her in heaven, especially Uncle Kenny. She will be missed!!

May the angels that are looking over your family wrap their arms around them and comfort them each and everyday . One last thing....we still laugh about the little elfs that lived under your deck on Beaver Ave.....you were the fun, the life and the love of our family tree.
