“ *Mr. Tucker was my shop teacher in 1987, at Beech Senior High School. He was a key factor for the success in my professional development. One time he took me to a machining competition putting a lot of confidence in my ability. Sorely, we didn't win, but the fact that he thought I could was inspiring. I'm a Mechanical / Nuclear Engineer today because Mr. Tucker showed me there's more to machining than meets the eye. Thank you sir. I wish I could have shown you in person.*

“ Rick was reminiscing this morning about George. George would say you know Rick what about this, what if we do this this way? He was so kind and loving. He shared his wealth of knowledge in such a way that all would listen and know he was right. What a great guy. Love you George! And Jan too!
