“ Miss Roberta was part of our family for three years when she was the night caregiver for my Mother at her home. My siblings and I could not have asked for a kinder, Christian lady to have been with Mother during the night. Her Christian life shined through by treating Mother with loving care. I loved Miss Roberta like a member of my family. Her sweet smile was a light in the toughest times. She always had a hug for me wherever she saw me. Miss Louise Branch was her "twin" as they were always together working at the hospital as Volunteers and shopping while looking out for each others safety. We had many laughs together when I had to transport them both when it snowed. Miss Louise was at a home on a hill and the streets were thick with ice/ It was difficult getting up the hill as the car slipped and slid from side to side. Getting to the Holiday House was fun for me and they were both good sports in my giving them some extra thrills! To her family I send my love as we celebrate her life and the legacy that she leaves to all of us about how to live a Godly life. God, give her family and close friends peace and comfort.
