“ MY FRIEND GLORIA

What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch. We may not understand why you left this earth so soon, or why you left before we were ready to say good-by, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget.

“ *My best memory of Aunt Gloria was many years ago when she and I took a family friends new red sports car out for a drive around town. We weren't out long but I sure did have a good time with her. I wish I could have gotten to know her better, but distance and money was a big factor in that. Over the last few years I was able to talk to her on the phone a few times and we kept in touch online but it was always my goal to surprise visit her one day. I'm sad that I won't get to do that now. Love and miss you bunches Aunt G!*
