“ When I first graduated high school I got my first job as an electrician helper. My cousin Shawn combs actually got me the job but grandpa was so damn proud he went out and spent 500 dollars to make sure that I had everything that a certified electrician had plus more. I dunno just the way he was. He would do anything for anybody if he had to do without. A true man. Love you papaw guess I'll talk to you later on down the line
