“ I have so many fond memories of time spent with Hildred from when I was a little girl and eating watermelon together while our parents visited to many family reunions. She never acted like she did not want Lynn or I around, even though she was in college and we were quite little! I watched in awe as she married her "prince charming" and handled her new family with grace and ease. I watched as she added to her family with two more little girls, and she was in heaven! She was such a dear lady and will be so missed.
