“ *The story we'd like to share is that Jerry was like a father to us. The moment we met him, we realized he had the personality and mannerisms like our Dad. Jerry had a quick wit and a wonderful sense of humor about himself. He could set you straight too, if needed. He would do anything for anybody. We adopted him as our father and was proud to say so! We will miss him dearly, but we know that his soul is shouting now! We loved him and his family. See you again, dear father.*
