“ I worked with Joan when she and Denver were foster parents in Springfield, TN. She and Denver were always willing to help when called upon. I have many memories of conversations with Joan about everything. We would sit at her kitchen table and talk and talk. My deep condolences to Joan's family and friends. Christine Perry.

Ms. Joan was always a wonderful neighbor to us from the time we started out as newlyweds until she moved back to Illinois. She was our "neighborhood watch" and we could always count on her to keep an eye on things when we were gone. She was a caring person who will be missed.
