“ JB, I will miss all of our talks about anything and everything we could possibly think of at work. I'll miss the chick-fil-a runs and boy advice. I specifically remember one day you were telling me what to look for in a man's grocery cart to know if he's single. Thank you for being a friend and such a huge part of my time at Ceva. You truly brightened my days and made me laugh all the time. You will be so missed.
