“ John, very sorry for your loss of your better half. I had planned to come by and visit with you at her visitation and talk about our time at GAF and our training trip. But as sometimes happens, things have come up and I won't be able to come. Take care of yourself. Ricky Nesbitt

You are going to be deeply missed. Some of my very favorite memories include our girls shopping days and walking to Sonic from your office to get milkshakes. Your legacy lives on forever. My Dad sure adored you and I did and always will. Love you so, Alexa (Carver) Dorris*

“ I miss you so much sissy.
Looking at old pics and there's one of you on the upstairs porch at Sloper Hall. I'll never forget my proudest moment of stuffing a grass snake into your cigarette pack out at camp and you called up to me on the porch at Sloper Hall, to throw them down to you - so I did. Three seconds later that pack of cigs went flying and you went running!! (Probably after me!!) I still crack up thinking about it lol! I wish we could have spent our senior years together like we had planned. I was so looking forward to being with you but I'll just have to wait for eternity. Til then I'll be loving you and missing you every single day. My heart is so sad right now but only because of how greatly you'll be missed by all of us. But I am happy for you because you are in Paradise with the Savior and your son and the rest of our beloved ones. I love you, Mary

I love you more than words can say my heart is broken and I don't know how to fix it. I will miss you so much. I will miss my phone ringing every morning at 5 AM. I'm so glad that I got to spend your last two days with you and hold you and kiss you goodbye you mean the world to me you always will. I will never forget any of our memories you are one in a lifetime person that everyone should've had the chance to get to know you were the most loving giving person I've ever met nonjudgmental I never heard you say a bad word against anyone you taught me so much about Grace and love and I'm going to put it to good use in your name. I love you sweetheart. Truly, I do maybe one day the tears will stop until then. She will continue to catch them and put them in a bottle. I'm so glad you're with Jesus and Ben you're in such a better Place. I'm so glad that you knew him and I'm glad we had that talk about Jesus. I love you, sister always and forever!
