“ You're family is in my prayers. Mr. Drouin was such a sweet man. I had the privilege of taking care of him for several years. He was always one of my favorite patients.

“ To all of my family I'm deeply sorry. You are all in my prayers and on my heart. I recall when Kenny lived with Billy and I he was a big help when I needed it He never said no, he would just jump right and help. He had a very good listener ear as well. We spent a lot of time hashing life's events. It's a Blessing we have memories of our dear one's who have past. We are told Heaven is beyond words of description, too awesome for us to imagine. Rest in Gods Heavenly Peace kenny. Love to all who knew and love him.
