“ I am so sorry about Kristee... I really enjoyed being her tour guide up here in Manhattan when she and all her friends came. I told my friends here about how much fun we had and how awesome it was Kristee had just finished treatment. A whole clan of New Yorkers are very sad she passed on. It is a testimony how many friends loved her enough to come up to NY to celebrate the end of her treatments. We should all be so lucky to be so loved!

“ I am happy to have known Kristee thru my in-laws family. Truly blessed that I got to speak to her and see her days before. It's still a shock just a couple weeks ago we were joking around about stuff at the Cracker Barrel when she was in Arizona for treatment. She was so positive even thru everything. My dearest condolences for the family. Prayers, Love you.
