“ Lee, was my new co-worker and friend. He was training me with Mission AP and we had become good friends. He was looking so forward to his Anniversary and beach trip with Patty in October. He was always kind and very knowledgeable. We got to know each of everyday over the computer training and got the pleasure of having lunch with a couple of times as co-workers with our supervisor. He will be missed. I pray for his family and Patty! I didn't ever get to meet you but I felt like I knew you and I know you were loved by Lee so much. I was out town and unable to attend his visitation, but I plan to help and maybe meet his sweet wife this week in still providing support.

“ *I worked with Lee in Accounts Payable at HCA. Lee was so kind, generous, and talented and so willing to help when asked. He had an infinite love for his wife Patty and my fondest memory is Lee and Patty would sit together to share lunch in the office breakroom and it brought a smile to my heart every time I saw them together. The LOVE was strong. Many prayers go out to Patty and family.*

“ *Lee left us! Lee went to the heaven!! During the time I worked at Nashville CSC, Lee and I worked at the same group, I had more chances to talk with him and knew him. He had a happy family. Lee was a good husband, he told me that he did whatever Patty liked him to do. Lee was a good father and grandfather, when he talked about his children, you could feel how he loved them. Lee was a generous man. He and Patty brought different delicious foods to every patty held in CSC. Lee was a brave man. He and Patty worked at Afghanistan for several years. He said that they faced the danger of death every day! Lee was a good co-worker, He and I worked together for the centennial hospital, we helped each other to get things done... Many things, many memories.... Lee is truly missed. Wish Lee has a happy life in the heaven!! Ling Zhong*

“ He was my desk mate at the office, and wasted no time at all to make me feel welcome. The first part of my day always started with him telling me about his latest woodworking project, batch of salsa, convincing me big foot was real, or stories about his time overseas. He was a wonderful person, and will be missed.

“ *I always enjoyed talking to Lee, he had great opinions & interesting thoughts. I commissioned Lee on a couple of wood projects, but the most valuable was the windchimes teardrop from my mother's passing, He did a beautiful job & I will cherish them forever, He was an amazing wood crafter and I enjoyed seeing his work. My heart is breaking for Patty, who also holds a special spot in my heart. I will pray for her & their family for peace and good memories,*

“ When I would bring in tomatoes from my garden and given those to Lee-he turned around and made a huge batch of salsa for me and everyone at work. He made clocks and all kinds of woodworking crafts for others. It was just who he was-he was generous with all he was given...and it always seemed he gave more than he received. That is Lee's legacy... he was a generous man. This generosity didn't make him a rich man in the world's economy-but it made him rich in memories, friendships, laughs, caring and kindness.

“ I called him Sir Sawdust...He loved to do wood working and has touched a lot of us with the things that he created. He told me he has a special folder of all the things that he had made for me. He was my go to for gift ideas. He would IM me at work often just to keep in touch. We had just talked recently about the camper and a trip he and Patty had planned in October he was so looking forward to. He always had a story to tell and a smile to share. Heaven has gained an angel. Prayers for his family in this time of great sorrow. He will be truly missed and HUGS to Patty!! And the peace of God, which passes all understanding, shall keep your hearts and minds through Christ Jesus. Cathy Hendrick

“ Lee always made a point to put his service of others first at work. He was a great person to have a meaningful conversation with and always made sure others were taken care of. I only worked with him for a couple years but I quickly learned he served as a fantastic example of how to treat those you serve in your career.
