“ *My beautiful friend, I remember your signature smile, your fabulous hair and the way you tilted your head when you laughed. I have so many memories of you. You were my very best friend for a very long time, you were my side kick. You listened to all my boy troubles, fixed my over-processed hair, handed me tissues when I was crying over my over-processed hair. You were always so giving, even when you had so little yourself sometimes, so caring and a great listener too. I am sad that we lost touch when you moved but content in knowing you lived a happy life. In my heart you will always be my most favorite friend. Although world will be a bit emptier without you I am comforted in knowing you have been reunited with Frankie and all those that have gone before you.*

“ *As a teen, our family was moving from PA to NC. Aunt Linda took in my two sisters and me while our parents went to find jobs and a new home. I know this caused her great stress, but she did what she thought she had to do for family. Aunt Linda was very giving even when she, herself, had little. She was a hard working woman raising a family alone. She loved unconditionally, had a heart big enough to love everyone, and an infectious laugh with a smile to match. Oh, that smile!!! She will always hold a special place in my heart. She is gone and missed for now... but we will see her again and spend eternity with her in heaven.*
