“ *Mama was one of a kind and always called me and my sister babies even though we aren't babies anymore. Pawpaw would always tell her 'they ain't babies anymore Maggie'. She would just look at him all serious and say 'they will always be my babies'. She had this thing where she would call us ten times a day even if we were at work just to talk or say she loved us ask us how we were and how work was. The little things like that is what I'm going to miss most. I remember going on vacations and making her do something she really didn't want to do like go swimming in Vermont when it was 40 degrees outside and she'd ask why and I would just give her that look and say 'because mama you love me and we're spending quality time together'. She would laugh so hard. Then once we went on a hike up the mountain and on the way back we heard a bear of in the distance. We started walking faster. Some people walked by and she looked at me and said 'oh we're good the bear will get them first'. She loved her family. She was always there for me when I needed her. I could always count on her to be there through every decision I ever made in my life. She loved her grandbabies and always wanted to see them or always asked about them. I am blessed to know that she at least got to meet her two great grandbabies and I will share all my memories of my mama with them when they get older so they know that their Mua was a wonderful woman and loved them very much. She will always be in my thoughts and I will always miss her everyday for the rest of my life. I love you mama.*

“ My momma had such a big heart I remember all the times she moved my friends in to our house cause they didnt have anywhere to go (poor Dale with all those women). She would do just about anything for her family especially her grandbabies. We are gonna miss her soooo much. I LOVE YOU MOMMA!!

“ My heart-felt condolences to the family of Maggie. We worked together for many years at DeBerry Special Needs Facility. Maggie was a member of the Hostage Negotiation Team and was an excellent nurse. I could rely on Maggie during our tenure together, one of the strongest individuals I know, attributed probably to her military background. I loved her telling about the different horses and grand children and husband. Away from the job her focus was family. She will be missed by me. I thank GOD for her service and her presence on this earth. Captain Paula Leslie.

“ *Maggy was my sister. We have such wonderful memories of the scary elm tree outside the bedroom window when we were kids, to going above Estes Park, CO at 14,000 feet in a July snowstorm. We had a wonderful contagious laugh. She was such a loving mom and grandmother. She and Dale were awesome.*

I love her.
