“ *There have only been a few times in my life that have left me utterly speechless and this is definitely one of them. Mark, thank you for your constant teaching and encouraging words throughout my time working with you at Frito Lay. Words can't express how much I appreciated your friendship over the last couple of years. We weren't just coworkers, but friends. My only regret is that I never took the time to play just one round of golf with you. I'll never forget the memories we made in the short time that we knew each other. Peace comes with knowing that the pain has left your body and eternal peace has found you.*

God bless you family during these times.

Love you Mark and thanks for everything.
