“ Hey Pat, I’m going to miss you. I have grown to love you over the past 37 years. You were a good guy. You showed me how much you loved your baby girl, how you cared for her while she was an infant and needed tending to. You were so proud of her. You were softened beyond belief during those years. We had many discussions on the deck and in the kitchen, usually with food present. Your many texts and phone calls to solve the major problems of the day were always enlightening. You even took my side with political issues and that was very refreshing. Mary is going to miss y’all’s many chats too. I pray you rest in peace, (lovingly) old man. 💔
