“ *My mom was my best friend. We had our ups and downs but I would fight a grizzly bear for her. I moved back in with her approximately 4 years ago and she has told me Many times how she didn't know why I was here with her but she was sure glad I was. I would tell her that I was here because I Love here and would do anything for her. And I did.*

She was one of the best people you could ever imagine. She will be dearly missed but never forgotten. I will always love you Nanny (Mom) until the day I see you again. And your puppy will be loved and taken care of just as you did when you were here with him.
