“ *I extend sympathy to the family and those who now were close to Ralph at his passing. My time and memories with Ralph go back to days of his home on Fernwood - to times at Stratford. We spent many hours riding bikes, camping in the back yard, and playing football in the side yards and then all the way through high school. I was able to run on relay teams with Ralph and he always carried the stick well for our team. To his children and grandchildren, if he ever told you stories of what he did on the football field or on the track, they were true. I always enjoyed his spirit, and him almost always having a smile going or having one ready to get started. Remembering all the fun times we had as youngsters my eyes are now watering and so I give my final respects to Ralph. I hope the pain of the loss of Ralph subsides, but all the good memories remain.
