“ Granddaddy, you were always there for me. You always made me feel loved, even when I did not deserve it. You were a loving great-granddaddy to all my children. You will be missed. I will not be there today with you but I love you and will never forget your loving smile and kindness to anyone that came your way. You have been in my prayers for a long time. I will miss your smile and comfort, but I will see you again some glorious day. RIP Granddaddy Brian

“ *Daddy I love you and will miss you more than words can say! Today we all will come together to celebrate your life and I plan to try my best to fight back my sadness and tears so we can tell all the funny stories that we have shared with you because as God says, we should celebrate at this time! There are so many memories I could share but the one that I love most is hearing your voice say there's my baby girl and the last day I was with you and you hugged me tight and didn't want to let go as you smiled and told me you loved me and patted my back as I cried as you did many times when I was a little girl. I will treasure that moment forever and and I thank God that Jeremy captured that moment with a picture that will be with me forever! Hug*
