“ *Its almost been a year now and words can't describe how much I miss and love my Dad! I'd give anything to see his face and hear his voice just one more time! My heart is forever broken! God took my dad and blessed me with an angel. It wasn't long after my dad passed I found out I was pregnant with my son Bryson William (named after my dad). My son has helped a great deal with the loss of my dad and heartache I've experienced but he will never be forgotten and truly loved more than anything! People that still have their parents don't realize how blessed and fortunate they really are!*

“ *We shared many great conversations about all sorts of things from church to politics over the years when he was able to attend Our Lady of Lourdes (sitting in the back pew). May Robert now rest in peace after years of health issues.*
