“ *Whitey will be dearly missed. He was a very Special Friend of ours, we have known Whitey for over 25 years here in Tombstone. Had many great times together. Rode many miles on our motorcycles. Several trips to Sturgis and back to Tombstone. Did a lot of commercials and videos together. Boy, that was an experience! He was my right-hand man in many of our jobs we worked together through those years. We will miss you my dear friend. RIP! Ride on my Brother!*
