

Roy Irvin Chamberlain

November 13, 1952 - January 7, 2026

Roy Irvin Chamberlain died at his home in Cottontown, TN, on January 7th, 2026. He was born on November 13th, 1952, in Madison, Tennessee, to Roy and Adelee Chamberlain. Roy was known to family and friends by his middle name, Irvin.

Irvin founded and ran multiple businesses throughout his lifetime, including Sound Advice, a mobile ultrasound imaging company that provided cutting-edge ultrasound imaging to Hospitals, OBGYN offices, midwives, veterinary clinics, and even for animal breeders (Show Dogs, Horses etc..) throughout Kentucky and Tennessee that otherwise had little to no access to ultrasound technology, but his favorite group he provided his expertise to was his family. Starting with his son all the way to great-nieces and nephews, he was the first person to see them. He also founded and invested in R&R Rental, which was a family-run business that rented large equipment to the community.

He is preceded in death by his father, Roy Lawrence Chamberlain, and his nephew, Reed Chamberlain. He is survived by his wife of 52 years Laura Chamberlain, his two children Richard Barrett Chamberlain (Stacey), Rachel Lynn LaRoy (Chris), four grandchildren (Ashton Lee, Alec Chamberlain, Reagan LaRoy, Ryland LaRoy), and one great grandchild (Olivia Lee) as well as his mother Adelee Chamberlain, three younger brothers Lonnie Ray Chamberlain (Kay) Donald Eugene Chamberlain (Brenda) & Terry Lee Chamberlain (Lynette).

Irvin enjoyed multiple hobbies throughout his lifetime, including working and

caring for many animals, including Llamas, babydoll sheep, and miniature donkeys at Spin a Yarn farm, which he built in Cottontown, TN. His other passions were snow skiing, scuba diving, painting, and riding Harley Davidson Motorcycles.

Family and friends will gather to remember Irvin at a Celebration of Life on 01/17/2026 at 10:00 am at 779 Shun Pike, Cottontown, TN 3704

In place of flowers, the family invites memorial donations to the Nashville Zoo, a place that held special meaning for Irvin, where he spent many years caring for animals through his work in ultrasound.

“ *I can't forget riding back home after Denis Hulme's crash at Road Atlanta, Roy driving his Chevy SS 396, both of us imagining the front end getting airborne...*

Harley Barber - May 15 at 10:28 PM

MM

“ *I went to school with Roy and we were best friends. We would do weekend sleepovers and his mom introduced me to banana pecan pancakes. We both got motorcycles at 14 and did weekend rides. Although life and careers took us different directions; I always felt that those times with Roy were some of my best childhood memories. Rest in Peace Roy.*

RR

“ I met "Irvin" (Judy and I called him "Roy") when he revealed in 1981 my future child would be a boy at 4 months gestation. Our office in Franklin was on his circuit for in office ultrasounds. We rode motorcycles often and went to multiple events including Daytona Bike Week in 2004. Roy was very excited to meet the production crew of "Orange County Choppers". He loved wearing his new skeletonized print over his face under his helmet for jokes at Daytona. Our 2004 trip with multiple family members of his and other friends to Panama City was a very memorable event. The 2017 eclipse of the sun was observed from Roy's parents' house as we watched the streetlights come on. I thank God that I met brother Roy. He loved God and was from a very great family of believers as I was. He introduced us to new friends that are still in our life. It has been a pleasure meeting and knowing his family. I fully expect to be with him again in heaven someday. Rest in peace for now.....Dr Roy and Judy Reynolds, Franklin, KY
