“ Shirley and myself spend alot of days working together and we always found alot of fun in all of the many situations we were working on. We found that we had a lot in common being both from what we considered the "country". Although Shirley and I have not visited as much in recent years we have always been there for each other in times of need. I am both happy and sad that she won't be "needing" me anymore. "Though she is lost to sight, her memory dear". I am always here for you all...in anyway that I can ever be of help. Love..Donna

“ My heartfelt sympathy to all of you. May God give you strenth and comfort.
I met Shirley several years ago in "ceramic class" in Hendersonville and we had so much fun laughing and making our ceramic pieces. I can picture her now. Afterwards, I would see her occasionally where she worked at the doctor's office.
I knew she wasn't well, but admired her determination and will to get better.
The past few years I had not been in touch. I have thought about her many times while waiting in line at Nannie Berry to pick up my granddaughter as I believe you lived near the school years ago.
I am so sorry. She was such a dear/sweet person and one I wished that I had kept closer touch with.
God bless you all, Becky Blunkall
