“ What to say. What comes to mind is a line from the song you sang for Hazel Shae "I hope your singing in the Angels choir" As someone who's tone deaf for me music has never been about what I hear but what I feel and I'll never forget when you would come stay with the girls and I'd ask you to sing an I loved listening to you your voice touched my soul. Everyone would rather you be hear to listen to you sing but I have no doubt your singing in the Angels choir. Thanks for singing at the wedding.
