“ Tabitha was my first real friend,yeah i had friends here and there but i remember our 4th grade teacher sat me by her because she didn't talk much and i had way to much energy as a kid,and we got along immediately and then we moved on to 5th grade and we started "TAAN" Tabitha Alyssa Addy Natile And we made newspapers for our class and tabitha would draw all the pictures and i remember i would beg her to teach me how to draw and i still draw the way she taught me even though it's been 5 years since i've last been around i still draw the way she taught me,she taught me to stand up to people,she always had my back and knew how to help me when i was upset ,she was always someone i could text no matter who or what was the problem,i was saddened when i recieved the news... My first real best friend ,even thought we lost contact quite some time ago may she rest in peace 🕊

“ Bry - I cannot express how my heart breaks for you. There is no pain like the loss of a child. Tabby looks so much like you. She is a beautiful young lady. Talk about her and cherish your memories of good times. Know I am praying for you and your family to help you through this.

“ I will always remember our trip to Hawaii. Tabby asked me to go up and do a hula dance on stage with her. She loved the hula dancers. She will forever remain in our hearts.

“ I was Tabithas bus driver for several years, and watched her grow into a beautiful young lady. She was the sweetest girl. She loved to draw and would do that a lot while on the bus. She gave me a drawing that she had made of a fairy which I will always treasure. My condolences to her family and everyone who loved her. You have lost a raw jewel. RIP sweet girl
