“ I will never forget Tommy he loved to aggravate me in class, lifting me off the floor in my seat. One day I'd have enough so I stabbed him in the leg with my pencil and he always said he had lead in his leg (our joke).

“ What can I say about Tommy. He was kind, generlous,. This world and myself will sadly miss Tommy. We ran around together in our younger days and I considered him as a big brother. He always took care of me and I got into big messes. I remember when he had the feed store at Easter my kids was little then we went there to see if they had any colored chicks and there was Tommy He ended up giving me 6 of those things.Here's to you my good friend and I will see you in Heaven someday.
