PS

“ We moved to Ridgetop, Christmas of 1974. When school started in Jan 75, I started elementary at Watauga, going into 2nd Grade, of course I didn't know anyone and was extremely nervous! I entered into the second grade with everyone staring, making it even worse, but the teacher introduced me and had me sit down in an empty chair and desk, right next to the prettiest little girl that had dark shoulder link hair, dark complexion, the biggest smile, and wearing her little glasses. I was still nervous at this point, but sitting down next to her I was amazed at how petite she was and actually wondered if they had put me in the right grade!!! (My birthday had originally held me back in preschool, and I wondered was it happening again!?) but immediately this little girl introduced herself and said, "I'm Tiffany, do you wanna be my friend?" Immediately we became best friends and Come to find out, she actually lived up the street from me!! We became best friends immediately playing all the time! She had 2 older sisters and I had one older sister so we all played outside at their house, all the time!! They had the coolest woods behind their house and there was this "huge" tree that had fallen over a creek. We spent hours "sliding" down the tree!! Tiffany's house was at a dead end road, so we would ride our bikes and the older sisters were always the "policemen." Tiffany and I had to follow all of the road rules or they would pull us over and give us a "ticket." We spent long summer days together, making so many great memories!! Tiffany was someone who could make anyone feel comfortable, you didn't have to be anything special! Tiffany accepted you for who you were and was someone you could call a true friend!! Tiffany will truly be missed!! To her sisters and other family, may God comfort you at this time with happy, loving memories that you have of her and with her! Also, know that the Greenbrier Graduating Class of 1985, will never forget her and will keep her memory alive, we were all blessed for having known Tiffany, whether she touched you for a moment or her whole lifetime!! In loving memory, Paula Spain-Campbell

*Your memory is absolutely beautiful and accurate. I was Tiffany's sister in law for a few years back in the late eighties. She was a ray of sunshine. So pretty and approachable. She deserved so much more than she got at that time. I just found out she passed today by accident. 10 years after the fact. I just want to say I'm so sorry for your loss. Tiffany was one of those people you never forget. I smile when I think of her. I think that says it all.*
