“ even though we didnt know each other well, she was always the sweetest. she would even go out of her way to msg me and ask how I was doing when so many others wouldn't take the time. Im sorry our family is going through such a hard time, but were strong and god will see us through.

“ All my memories are special with her from the time she started walking and holding my hand we've been connected at the hip it's almost like we were one person we always had a connection and knew when something was wrong with the other, I've lost part of myself when the Lord took her home I'm going to always feel lost until we're together again Bop, you'll always be in my heart and memories when I see a butterfly or hummingbirds, I'm going to our 3 to 5 phone conversations, we always found something to talk about, I love you and will forever miss you forever, I love you so much, the sister and best friend a girl could ever had, thank you Bop for all our own special memories you left me with, I have a hole left forever in my heart, I wish I could be with you greeting our loved ones instead of left behind, until we meet again my friend and sister, I love you 💕 RIP 💕 babygirl tell everyone I love them 💕
