“ *The Austin and Bell family has been such a blessing to my family and our heart breaks for you all. Tommy was such a wonderful person. He was always a shining light to everyone during their pain of losing a loved one. He will be missed greatly. He was a true genuine soul who truly cared for each person that came through that door.*

“ *I am so very sorry for your loss. I went to high school with Tommy and he was one of the nicest people in our class. While most of our class ran with their own little groups Tommy was a real person and a really nice guy. He was friends with everyone. He was a truly nice person and I will never forget him.*

“ *I don't remember this, I was told this story as far back as I can remember.*

When I was about 4 a bigger boy pushed me into Oak Hills swimming pool. The water was deeper than I was tall and I couldn't swim. Tommy never hesitated, he jumped in, wallet, watch and all and pulled me out of the water. Not many people can say the funeral director saved their life, but I can. I'm sorry for your loss, I know it will be hard.

My sympathy to the family. This family has always been a major part of the city for a long time. He is at peace now.

“ A little humor, I hope. Tommy and I went fishing with a group to Eufaula, Alabama. We actually were gone about 3 days. On the trip from Nashville to Eufaula I would say I stopped at least a dozen time for Tommy to use the bathroom. Had not been long after surgery for him. Every time we would stop Tommy would come back out with food and a drink. After digesting that we would go a few more miles and then he would announce he needed to stop again. As I said I would imagine we stopped close to a dozen times. The next day while out fishing everything seemed fine until we had lunch on the lake. Soon after lunch the announcement came that he needed to go to the bank which we did rather quickly. I told him just after he got out of my boat onto this little island and he needed to rush, this little island was called Alligator Island and this was where momma alligator would come and raise the little ones. He was not gone long, you can only imagine how quick a trip this was. I have told this story on him several times and now one more. We will miss Tommy for sure, he was a true friend.

“ In my younger days I was a cosmetologist never had done hair on a corpse. Tommy knew how scared I was, he picked me up in the Hurst took me to the funeral home. He said he would stay with me but did he oh no . There were bodies laying all around me . He surely got a lot of enjoyment from that. Him and his dad were good people

Tommy and I were friends in high school even though I went to Greenbrier and he went to Springfield. We would meet up at Vernons on the weekends and see who could tell the biggest lie. My best memory of Tommy was when he was attached to a group of Sea Bee's and we picked them up at Subic Bay. Took them in to Chu Lia Vietnam . There were tracers and mortars going in ever direction. Tommy said Gamble I need some butter so I went to the reefers and got him a box of butter patties. Later when we both got out I ask what did you do with the butter. He would not tell me.50 years and I still dont know why he needed butter in a fire fight. That was Tommy he always got the last laught . I already miss my military brother and old high school friend.
